7.9 Victorian Code of Conduct for Community Sport

Every person in Victoria has the right to participate in community sport, which is safe, welcoming, and inclusive. Equally everyone plays a part in ensuring their actions and behaviours are supportive of these values.

The Victorian Government's Respect Agenda is about ensuring that respect for ourselves, others and the community, is at the centre of what it means to be Victorian. As part of this Agenda, the Government is committed to enabling every person, in any

BENDIGO AMATEUR SOCCER LEAGUE

capacity, to have the opportunity to participate in community sport without fear of abuse, intimidation and harassment.

State Sporting Associations and clubs also have a responsibility to ensure participation in any community sport event is free of any anti-social behaviour both on and off the field which prevents others from taking part and getting active.

The Victorian Code of Conduct for Community Sport outlines behaviours which are expected to be followed by every person involved in community sport, as well as identifying the behaviours which must not be tolerated.

The Code supports A Right to Respect: Victoria's Plan to Prevent Violence Against Women by taking a zero tolerance stance towards violence against women. The Code also aims to encourage cultural and behavioural change to prevent it happening in the first place.

Acts of violence, discrimination and vilification are illegal acts within Victoria. It is a club's responsibility to not only report these to the appropriate legal authorities but to ensure these acts are not tolerated by the sport or club.

State Sporting Associations and clubs will have the responsibility of adhering to and enforcing the code through sport specific penalties. State Sporting Associations and clubs who do not adhere to and enforce the Code will not be eligible for funding from Sport and Recreation Victoria, and any existing funding will cease.

The Code provides the opportunity to make a positive impact on community participation in sport and recreation by encouraging appropriate behaviour at all times. Implementation of the Code will ensure that community sport remains safe and inclusive for all.

Code of Conduct

Every person: spectator, player, club member, official, participant, administrator, coach, parent, or member of the community involved with the sport, should work to ensure:

- inclusion of every person regardless of their age, gender, or sexual orientation
- inclusion of every person regardless of their race, culture, or religion
- opportunities for people of all abilities to participate in the sport and develop to their full potential
- respect is shown towards others, the club, and the broader community
- a safe and inclusive environment for all
- elimination of violent and abusive behaviour
- protection from sexual harassment or intimidation.

This Code applies to community sport, training, and club sanctioned activities.

- ensure reporting and assessment processes are in place to identify and penalise breaches of the Code
- report on the implementation of the Code to the State Government on an annual basis
- ensure that every person involved in the sport is able to exercise their rights without fear of victimisation.

Implementation of the Code

In 2010 all State Sporting Associations (SSAs) will be required to sign onto the Code and pledge their support by confirming the following actions:

- Ensure all components of the Code are included in an existing SSA code or through the creation of a new code for the SSA.
- Develop appropriate reporting and assessment processes for issuing penalties for breaches of the Code.
- Identify what penalties they will put in place for any breaches of the Code.
- Inform all affiliated clubs of their obligations under the Code, their expectations for reporting, assessing, and acting upon breaches.

Any SSA or club applying for funding through Sport and Recreation Victoria (SRV) from 2010/11 will need to demonstrate their adherence and enforcement of the Code in order to be eligible for funding.

SSAs and clubs who do not adhere to and enforce the Code will not be eligible for funding through any SRV grants programs.

Councils applying for funding from SRV, must ensure that sporting associations and clubs who are tenants at the site of the project are enforcing the code.

Sports Associations and clubs not aligned to an SSA will still be required to adhere to and enforce the Code in order to be eligible for funding from Sport and Recreation Victoria, if not any existing funding will cease.

Lighting Requirements

9. FOOTBALL LIGHTING POLICY & REQUIREMENTS

BASL uses Football Victoria's (FV) Lighting Policy and Requirements for compliance to lighting standards for competition fixtures. The requirements below are sourced from the FV policy and have been changed to state BASL.

Football Victoria Lighting Policy and Requirements

The Football Lighting Policy & Requirements (the Policy) sets out the mandatory requirements for competition lighting at football (soccer) venues used by Clubs competing in Bendigo Amateur Soccer League (BASL) competitions.

The primary reason for the requirements is to ensure that Clubs are compliant with relevant standards and applicable Occupational Health and Safety requirements. Other reasons include enabling higher quality play, providing a satisfactory experience for spectators, and ensuring that football venues are "good neighbours" in residential areas.

Mandatory Requirements for Competition Lighting

These requirements apply to Matches between BASL clubs, including friendlies and practice matches. These requirements may also apply to Matches played in Victoria against non-Victorian or non-BASL clubs.

This document:

- explains the background to the requirements.
- specifies the standards to be met for each level of competition; and
- details the process which must be followed to gain approval for evening matches.
- details the conditions under which approval for night fixtured matches may be retained by clubs.

1 Background

The Federation Internationale de Football Association (FIFA) has produced technical recommendations and requirements for televised and non-televised Football however it has not mandated specific lighting standards for competitions of the type managed by FFV.

Football Federation Australia (FFA) has likewise not mandated specific lighting standards for competitions of the type managed by FV.

FV has therefore adopted the Australian Standard AS2560.2.3-2007, *Sports Lighting - Lighting for All Football Codes* (**Australian Standard**) as the minimum for lighting levels

and lighting infrastructure requirements for FV managed competitions. BASL has aligned to these standards.

The Australian Standard applies to football (soccer) as well as other codes played in Australia. The Australian Standard provides different minimum requirements for competitions and training.

While BASL supports Clubs wishing to expand their audiences or provide better opportunities through evening matches, Clubs must be aware that compliance with these requirements is a precondition of BASL's approval of night fixturing.

2 Requirements

The requirements detailed below are enforceable under BASL's Rules of Competition for each league administered by BASL and must be read in conjunction with the Rules of Competition as published from time to time. The requirements detailed below are mandatory for Matches to be played under lights.

These standards are the MINIMUM required for BASL competitions.

BASL encourages achievement of higher lighting levels where practicable.

The Australian Standard identifies several levels of competition and specifies lighting standards for each. The levels are:

- Amateur.
- Semi-Professional; and,
- Professional.

Therefore, based on the Australian Standard, the following table details the minimum requirements for competition lighting, including both minimum lux levels and minimum horizontal uniformities.

COMPETITION		MINIMUM LUX†	MINIMUM HORIZONTAL UNIFORMITIES	
			U ₁	U ₂
PROFESSIONAL*	Competition	500	0.70	0.50
	Match Practice Training	200	0.60	0.40
SEMI-PROFESSIONAL (NPL and NPL2)	Competition	200	0.60	0.40
	Match Practice Training	100	0.50	0.30
AMATEUR (All other competitions)	Competition	100	0.50	0.30
	Match Practice Training	100	0.50	0.30

† The minimum Lux refers to the maintained average as actually measured in field audits, not the levels provided for in design documents.

* Certain night fixtures may require professional standard lighting. These may include some televised matches, and FFA Cup finals. In all cases, FFV will notify a Club if the

BENDIGO AMATEUR SOCCER LEAGUE

minimum lighting requirements are above what its nominated home ground can accommodate.

NB. The maximum glare rating for all competitions is 50.

To avoid doubt, professional training lighting requirements do not apply to NPL and NPL2.

Lighting installations shall be designed with minimum obtrusive light as per the Australian Standard to ensure that no disturbance or discomfort is caused to neighbouring properties and residents, or spectators.

Stakeholders must consider whether the following may cause disturbance or discomfort and address these issues as soon as practicable.

- Light falling on vertical surfaces or entering a property via windows etc,
- The brightness or intensity of the installation from specific observer positions looking toward the installation,
- The light emitted upward (above horizontal) from each floodlight. This effect is often referred to as "sky glow,"

3 Process

Where a Club wishes to schedule Matches at times requiring lighting, the Club must ensure that it has certified lighting system in line with the Australian Standard.

Certification is based on an audit of the lighting system by a suitable consultant.

The Club or ground manager must pay the cost of the audit.

The lighting consultant must have suitability, qualifications, and experience in floodlighting for sports purposes, especially football. Suitable lighting consultants will include but are not limited to Members of the Illuminating Engineering Society of Australia and New Zealand Limited (IES - The Lighting Society).

As part of the audit, the lighting consultant must:

- undertake a review of the installed equipment to assess its characteristics and current potential for compliance with the Australian Standard.
- make such calculations as are necessary to assess compliance with the required Glare Rating.
- undertake an on-field audit using appropriate equipment measuring in accordance with Clause 6.3 of the Australian Standard and assess compliance with the lux levels and their uniformity – noting that for this purpose of Certification:

BENDIGO AMATEUR SOCCER LEAGUE

- the tests must cover the entire field of play within the marked lines – this area is referred to as the Principal Playing Area₁ (tests across half field only are not acceptable).
- identify any issues of concern regarding the uniformity of vertical illuminance affecting illumination of the ball on medium and high trajectory paths.
- identify any issues of concern relating to the lighting system's reliability, including a check of the switchboard/lighting control systems to confirm that they are able to be fully secured and are in good working order; and
- report to BASL on compliance with the Australian Standard or otherwise and any other matters affecting the performance and reliability of the system.

The lighting consultant's report to BASL must include details of the installation, measurements obtained in the on-field audit and the calculation of maintained average lux level and uniformities. This shall include comments on uniformity of vertical illuminance and glare in relation to the existing pole heights, luminaire aiming and total system reliability.

BASL will provide a prescribed form (**Appendix 1**) for the lighting consultant to complete which will provide space for the required information. The test readings must be attached to this form. The form must be completed and signed by the lighting consultant.

Certification is subject to satisfactory compliance with the Australian Standard and acceptable reliability.

Once a signed Certification by an approved lighting consultant is submitted to BASL with all information on the form and with the required attachments, BASL will check the Certification for completeness and accuracy. If BASL is satisfied the information and lighting performance meet BASL's requirements, BASL will register a venue as compliant for amateur level matches. BASL reserves the right to seek additional information or testing from the Club or lighting consultant, to be provided at the Club's cost.

Certification will be accepted by BASL for a period of two years or as otherwise determined by BASL, after which another audit must be undertaken, and Certification provided if the Club wishes to continue to hold Matches at times requiring lighting. BASL will not approve fixtures that require lighting without the Certification and subsequent BASL registration of the venue.

4 Ongoing compliance

The Club must ensure that the Australian Standard is always met for night Matches.

BENDIGO AMATEUR SOCCER LEAGUE

Where a Club becomes aware that lighting for a Match is not likely to meet the Australian Standard it must immediately notify BASL in writing of that fact, whereby BASL will arrange a change of fixture.

Where a referee has made a report in relation to the adequacy of the lighting at a venue or BASL has concerns that a venue may not currently meet the Australian Standard, BASL may engage a suitable lighting consultant to undertake a field audit to test compliance as detailed above. If the lighting is found to meet the Australian Standard BASL will bear the cost of the audit.

If the lighting is not found to meet the Australian Standard, the Club is responsible for the costs of the audit and BASL approval for fixtures requiring lighting at the venue will be removed until the lighting is maintained, repaired, or modified to comply with the Australian Standard.

If a Match is unable to commence, halted temporarily or abandoned due to the failure of the lighting to meet the Australian Standard or failure to function at all during a Match (**Lighting Failure**), the Club must provide evidence to BASL as to the causes of such failure.

If the Lighting Failure was due to circumstances beyond the control of the Club, including network system failure, weather, accidental damage or offsite equipment failure or any other extraordinary circumstances accepted by BASL, no penalty will be imposed and subject to BASL being satisfied that the lighting for the Club's subsequent night fixtures will meet the Australian Standard, those fixtures will remain as scheduled.

If the Lighting Failure was due to any other reason, including deliberate interference:

- a. the Club may be penalised subject to BASL's discretion; and,
- b. the Club must pay for a further audit in accordance with the process detailed in section 3 above; and
- c. the Club will not be permitted to hold night Matches at the venue until an audit demonstrates compliance with the Australian Standard.

If a Lighting Failure occurs on a second, third or subsequent occasion within two concurrent seasons for any reason, BASL in its sole discretion may not accept the relevant venue for further night fixtures, except on such conditions that BASL shall determine. Notwithstanding this, a venue subject to the above may be disqualified from hosting night fixtures for such a period as determined by BASL.

- Players will always have the ability to move up a division (Senior's) or age group for Juniors, to aid their development.
- There should be no loophole that allows players who have – for example – primarily played League 1 Men's football during the Championship season, to play in Youth

NOTE: Where the competition is held prior to the Championship Season, the principles of fairness should be maintained, however the qualifying eligibility is not required

Division or Under 16 A Division during the Cup Competition.

- The Club is solely responsible for making sure that their players are to play in the Cup Competition, failure to do so will incur a penalty under the GDT.

Eligibility of Players - Rules

Qualifying for a Single Division

- Once a player plays five (5) games during the Championship season in the ONE division and/or group (and is not qualified for another higher division (Seniors) or age group (Juniors) whether that team makes finals or plays cup or not they qualify for that division.

For Clarification: If John Plays 6 games for the Reserves (formerly Division 2) team, however, has play 8 games for the Seniors (formerly Division 1), the 5 games rule is applied to the Seniors (Division 1) games (whether the team makes finals or not) and to qualify for Reserves the qualifying for Multiple Division rule applies.

Qualifying for Multiple Divisions

- The lower division (Seniors) or age group (Juniors and Youth)

Note: League 1 Competitions are considered the higher competition for seniors where both a League 1 and League 2 competition is being run in any season.

BENDIGO AMATEUR SOCCER LEAGUE

- Once a player plays in 5 of the games contested by that team during the Championship season in the ONE division or age group they qualify for that division or age group.
- To qualify for multiple divisions or age groups a player must have played 5 games in the highest division/age group seeking qualification and half of the games in any age group or division lower.

For clarification: If John qualifies for the Senior Men (Division 1) by playing five games, then to qualify for the Reserves Men (Division 2) John must half played half the games in the lower competition to be considered qualifies for both competitions.

- Should the number of games contested by that team be an odd number, half the number of games will be rounded up – to the next whole number (e.g., 15 game season, 8 games are needed to qualify?)
- Junior grade restrictions in the same age group apply to all games, including Cups played during the season, including finals. – i.e., A player cannot qualify to play in both the Under 12A and Under 12B teams at a club They can however qualify for a Under 12 and a Under 14 teams
- Any highest division (Seniors) or age group (Juniors and Youth)
- Once a player plays five (5) games during the Championship season in a division or age group they qualify for that division and/or age group.

NOTE - League 1 Men's & League 1 Women Division cannot be a "lower division"

- Players who qualify for multiple competition teams in finals may move freely across these teams only for all weeks of the Cup/Finals Competition without restriction.
- Players may play in a division or age group other than the one for which they qualify, however a player will then be bound by the following restrictions.
- The other division or age group must be higher/older than the highest competition for which the player has qualified.
- Players who qualify for multiple competitions – with a division or age group between, will be unable to play freely in the division or age group between.

e.g., Players who have qualified for both Youth and League 1 Men's will not be eligible to play in League 2 Men's at any stage/in any capacity

- Once a player plays in a competition other than the one for which they have qualified, they will be eligible for that competition only.
- Players in this situation will still have the ability to again play in a higher/older competition

BENDIGO AMATEUR SOCCER LEAGUE

Example

- o Should a player who has qualified for both Under 16A Division and Youth Division play in a League 2 Reserves game, he will be eligible for League 2 Reserves only. He is now ineligible to play Under 16 and Youth.
- o He still has the ability to play League 1 Men's, however, should he do this he will be bound to League 1 Men's.
- Players who appear as a substitute in League 1 Men's will not be considered to have played in League 1 Men's for the above purposes.

Eligibility of Players - Dispensation

- Clubs requesting dispensation to play ineligible players in the Cup Competition must submit their request in writing 10 days prior to the first scheduled Cup match.
- Dispensation may be sought for the following reasons:
 - o Long Term Injury
 - o Missed Matches which would have seen the player qualify
 - o Junior Player playing up into Senior Competition.

Refer to section 2.3.10 for details on dispensation requests

Competition Rules

BENDIGO AMATEUR SOCCER LEAGUE

Under 12 and Under 13 competitions are played under FIFA Laws of the Game with modified rules to assist players in their development and also refine the transition to 11v11 football, these include:

Field Markings: All field markings as required for a full-size pitch, including the penalty area, are required for Under 12 matches. Field markings can be marked with paint, or flat markers. Painted lines must be a **different** colour to any existing line markings used for the full-size pitch.

Offside rule: The offside rule will be included in the Under 12 and 13 competition as it is an integral rule to the game of football. 9v9 on the recommended size pitch will help players learn the rule as there is no longer as much space between the halfway line and the opposition goals.

Penalties: In accordance with FIFA LOTG, a penalty kick will be awarded if a player commits a direct free kick offence inside their penalty area.

Goalkeeper: The goalkeeper is allowed to handle the ball anywhere in the penalty area. To restart play after a save or gathering the ball with their hands, the ball must be thrown or rolled from the hands or played from the ground with their feet, within 6 seconds. The goalkeeper is not allowed to kick or dropkick the ball from their hands.

Goal kick: Goal kicks can be taken from anywhere within the penalty area. Opponents must be outside the penalty area until the ball is in play. The ball is in play once it is kicked and leaves the penalty area.

Throw ins: Player faces the field of play, has part of each foot on the ground either on or behind the touch line, uses both hands and delivers the ball from behind and over their head. The thrower must not touch the ball again until it has touched another player. The ball is in play once it enters the field of play. A goal cannot be scored directly from a throw in.

Corner kicks: Opponents must be at least 5 metres away from the ball until it is in play. The ball is in play when it is kicked and moves.

Discipline: Red or Yellow cards will be issued to players in Under 12, 13 competitions.

For any fouls that would ordinarily result in a red card, the match official will instruct the player to leave the field of play for the remainder of the match, any player sent from the field of play may be replaced by another player at the time of the offence. In this instance, neither team will be required to play with fewer than 9 players.

For any offense that would ordinarily result in a red card for violent or offensive behaviour (i.e., R2 - Violent conduct, R3 – Spitting, R6 – uses offensive or insulting or abusive language / gestures) the match official will be required to submit a misconduct report to FV which may result in further disciplinary action for that player.

Competition Results

Results and Ladders will remain in the Under 12 and Under 13 9v9 format and must be submitted in-line with all other competitive competitions
